Quick Start Guide - iPhone StockMove *Express*

Phone Requirements

Stock Move Express for iPhone requires an iPhone running iOS version 7.1 and higher. The phone will need Internet access via mobile data or Wi-Fi.

1. Download StockMove Express
▶ Touch the App Store icon on your iPhone or iPad.
▶ In the search box at the top, search for 'shearwell stock move'
▶ Select *StockMove Express* in the search result, then press *Get*
▶ The button changes to *Install*; press *Install* to start downloading the app.
▶ Press *Open* to start **StockMove***Express.*

2. Register with NLMD-LT
You must have an NLMD account to use StockMove Express.
▶ Open *StockMove Express*. Register as a new user or log in if you already have an account.
▶ You can also register online at *www.nlmd-lt.co.uk*
▶ Remember your user name and password - you will need them to log into *StockMove Express*

3. Connect to your stick reader
▶ Open *StockMove Express*. If a message appears telling you to switch on Bluetooth, press *Settings* and turn on Bluetooth.
▶ Touch the sheep icon. Touch the Animal Detail tab at the bottom of the screen. The sheep will turn green.

| Record | Sheep | Reports | Unsent |
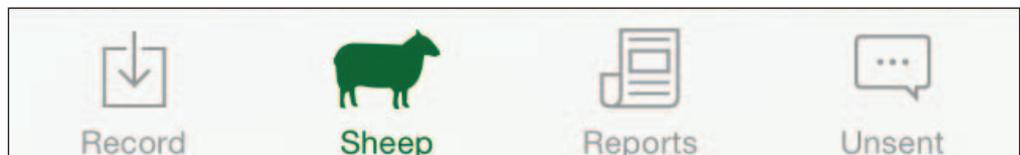

▶ Press the stick reader icon at the top of the screen to see *Tag Reader* screen.

‹ Back

▶ Turn on your stick reader. Press *Add Tag Reader*. The app will now scan for all Bluetooth devices in range.
▶ On the back of the stick reader, look for a label with the Bluetooth name. It will start with SDL440S- followed by some digits. For example: SDL440S-1234
▶ Once the scan is complete, you will see the stick reader's Bluetooth name in the list. Select it and press *Accept*.
▶ The phone will indicate that it is connected to the reader (the icon at the top will change) and the stick reader's blue light will also shine.

‹ Back
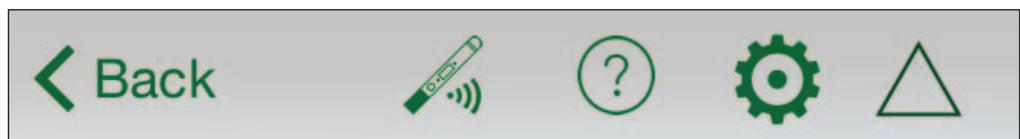

▶ Now the phone will try to automatically connect to this reader whenever you are on a screen which can accept tag reads.

4.
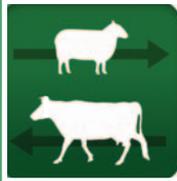

Use the *StockMove Express* Help Guide

Touch the help icon at the top right-hand corner of any page to open a help screen.
